

TIMBER OPTIONS

All timber products are available in all of our solid timbers and finishes unless otherwise indicated in our media. The timber we use is from sustainable farms. The trees on the farms are pruned regularly to allow for consistent grain patterns and fewer knots, ensuring exceptionally strong planks of the highest quality.

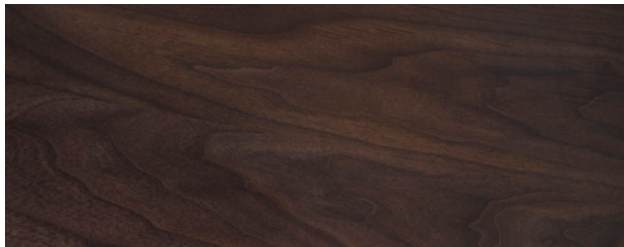

Our oil finishes provide a renewable surface for enduring beauty. Painted timber is wire brushed to create a textured surface. Our stained timber and oxidised timber are sealed with a clear matte lacquer to maintain the colour whilst preserving the tactility of the surface.

*Danish oiled
American black walnut*

*Oxidised
American white oak*
