

**ASSEMBLY INSTRUCTIONS**

764M SHAKER DINING TABLE (MARBLE TOP) BY NERI&HU

PARTS

- 1x Marble tabletop
- 1x Tabletop Subframe
- 2x Leg frames
- 1x Cross beam

Hardware:

(15x) M8x60 Screws

(12x) M8x50 Countersunk Screws

(15x) M8 washers

YOU WILL NEED

- 6mm Allen Key
- A team of four people

NOTES

NOTE 1: Keep the marble top in its packaging until installation. Store vertically on its long edge.

NOTE 2: When removing marble from packaging, ensure that it is removed vertically on its long edge.

NOTE 3: STORAGE: Please safely store your marble top until scheduled installation. Marble tops are very fragile; to prevent breakage please follow these instructions:

**ASSEMBLY INSTRUCTIONS CONTINUED**

764M SHAKER DINING TABLE

- Due to its fragile nature, it is critical that the marble is NOT stored flat. It should be stored vertically on its long edge.
- The marble tops are in wooden crates and must not be dropped or allowed to fall.
- Secure the marble top in place to ensure it will not topple over.
- Do not place anything on marble tops before they are installed on the wooden table frame.

NOTE 4: Be certain that all assembly is carried out on a flat and stable surface. This will ensure a good final result. Reverse the steps to disassemble the piece.

NOTE 5: Your furniture arrives packed in numerous layers that protect it during transport. It is important that you remove the packaging carefully to avoid damaging your furniture. Refer to our information sheet "Unpacking Your Furniture" for further details.

NOTE 6: Great care is required when assembling our products . Use blankets to soften the assembly surface - hard surfaces such as wood or stone flooring may damage the furniture if in direct contact.

NOTE 7: We advise that assembly and disassembly of De La Espada furniture is undertaken by a minimum of 2 people. The marble top must be handled by a minimum of 4 people.

NOTE 8: When screwing in bolts, tighten well, but be sure NOT TO OVERTIGHTEN. This can cause the thread to strip thus resulting in a poor connection.

NOTE 6: While you work, be sure all connections are flush with no gaps.

NOTE 9: After assembly, ensure that the table is resting on a level surface.

764M SHAKER DINING TABLE

INSTRUCTIONS

1. ATTACH LEG FRAMES TO THE SUBFRAME

a) Place the subframe upside down a clean, soft surface such as blanket or carpet on the floor.

b) One at a time, place each leg frame face down, matching the number the leg frame with the number marking on the subframe. Connect each leg frame with 4x M8x50 Countersunk Screws, tightening with an Allen key.

2) ATTACH CROSS BEAM

a) Match the numbers on the crossbeam with the numbers on the leg frames to ensure the correct orientation.

b) Insert 4x M8x50 Countersunk Screws through the base of the leg frame and into the corresponding holes in the cross beam. Tighten with an Allen Key.

3) ATTACH TABLETOP SUBFRAME

a) With the help of a friend, carefully turn the assembled substructure over into an upright position, taking care not to place any weight/force on the table legs while turning.

b) Place the tabletop subframe onto the substructure, being sure to match the numbers on each part for the correct orientation.

c) Align the holes on the substructure with the holes on the tabletop subframe. Place a washer onto each of the 15x M8x60 screws and insert into the predrilled holes. Tighten firmly with an Allen Key.

4) ATTACH MARBLE TABLETOP

a) The marble top is very heavy and fragile. You will need four people to safely carry it.

b) Place a blanket or smooth cardboard on your flat, non-abrasive work surface to protect the marble.

c) When removing the marble from the packaging, ensure that it is removed vertically on its long edge.

d) Using your four person crew, position one person at either end of the marble tabletop, and one person on either side of the midsection. Place the marble top as close as possible to the final desired location, then while two people support the midsection to prevent bowing, very gently and carefully lower it into position onto the wooden frame.
