**MATERIAL OPTIONS****760 LATTICE**

Lattice is a light with a form inspired by the lattice work found on traditional Chinese screens. neri&hu took a section of a traditional pattern, altered its scale and reinterpreted its form in solid brass with hand-blown coloured glass globes. Designed by neri&hu and manufactured by De La Espada for the neri&hu brand.

SIZE

760S Lattice - Short drop

W156 × D59.5, drop length 101.5cm

W61 1/2 × D23 1/2, drop length 40 "
