

**MATERIAL OPTIONS**

**392LR CONISTON LARGE ROUND MIRROR**

Coniston mirror is named after Coniston Water in England's Lake District, the timber frame recalling the land that encircles the reflective lake. Coniston features joinery invented by Matthew Hilton, which can only be achieved with CNC machinery. The joinery adds a beautiful decorative detail, while increasing the long grain to long grain bonds for greater stability. The mirror can be hung in two orientations - there is no top or bottom, allowing the user to choose their preferred orientation according to the unique wood grain on every piece. Designed by Matthew Hilton for his eponymous brand, and manufactured by De La Espada craftsmen.

**SIZE**

W113 x D4 x H113 cm  
 W44 1/2 x D1 1/2 x H44 1/2 "
