**MATERIAL OPTIONS****768 (USA) FRAME BED WITH ARMS**

The Frame series explores the architectural concept of tectonics, celebrating the art of construction. It was developed with the objective to create a single frame that could serve all the needs of the product such as a base, legs, and decorative feature. Made from solid wood, the frame's appearance reveals clearly how it is constructed through the visible joinery details.

**SIZE**

**SPECIFICATION**

Available in American black walnut, American white oak, or European Ash in a range of finishes, and a range of fabric and leather options. Click on 'Materials' in the left hand menu for further information. Bed base consists of several individual timber slats, set approximately 5cm (2") apart. Assembly: Frame Bed with Arms

Please note that when using leather to upholster the expansive surface of the headboard, our craftspeople will use their discretion to ensure the natural variations in the hide's colour and grain are most elegantly
