408 TAVLI DINING TABLE

Tavli is a solid wood dining table with a tabletop that features a decorative joint detail: each plank in the tabletop is shaped with an undulating edge, creating a continuous, repeating geometric pattern across the length of the table. Named after the backgammon tavli board, this table reimagines the decorative wood detailing of its namesake.

SIZE

W200 × D100 × H76 cm
W78 3/4 × D39 2/5 × H30 "

SPECIFICATION

Available in American black walnut, American white oak, or European Ash in a range of finishes, as a single timber/finish or timber combinations including: Danish oiled walnut and ash, Danish oiled walnut and oak, black oiled walnut and ash, or white oiled oak and ash. Refer to image 14 for timber combinations and note that wood grain is not to scale. Tables with timber combination tabletops have legs in the same timber/finish as the outermost planks on the tabletop. Click on 'Materials' in the left hand menu for further information.
