408 TAVLI DINING TABLE

Tavli is a solid wood dining table with a tabletop that features a decorative joint detail: each plank in the tabletop is shaped with an undulating edge, creating a continuous, repeating geometric pattern across the length of the table. Named after the backgammon tavli board, this table reimagines the decorative wood detailing of its namesake.

SIZE

W200 × D100 × H76 cm
W78 3/4 × D39 2/5 × H30 "

SPECIFICATION

Available in American black walnut, American white oak, or European Ash in a range of finishes, as a single timber/finish or timber combinations including: Danish oiled walnut and ash, Danish oiled walnut and oak, black oiled walnut and ash, or white oiled oak and ash. Refer to image 8 for timber combinations and note that wood grain is not to scale. Tables with timber combination tabletops have legs in the same timber/finish as the outermost planks on the tabletop. Click on 'Materials' in the left hand menu for further information.
