Trunk Cabinets carry echos of ancient China, when a bride and groom would be given trunks as gifts at their wedding, and bring these trunks, full of personal items, into their new home.

The black lacquer body, mirror polished by hand, opens via a concealed pull on the doors to reveal compartments in premium solid American white oak. A brushed brass frame supports and lifts the cabinet body.

TRUNK LOW CABINET

BY NERI&HU

Trunk Low Cabinet has three internal compartments, each with a shelf which can be adjusted to three possible heights.

Each low cabinet comes with one removable solid wood storage box.

The shelves end 6.5cm (2 1/2") from the back panel, to allow the passage of cables when used for audio visual equipment. Two holes in the back panel are also for cable management.

TRUNK TALL CABINET
BY NERI&HU

Trunk Tall Cabinet has three internal drawers and one internal shelf.

The shelf ends 4.5cm (1 3/4") from the back panel, to allow the passage of cables when used for audio visual equipment. A single hole in the back panel, located behind the top drawer, is also for cable management.
