**396 (USA) BRETTON BED**

Bretton Bed is named after the town in West Yorkshire, England, a county that inspires Matthew Hilton, with its rugged landscape and history of producing modernist sculptors. The bed features meticulous detailing including a headboard that tapers toward the bed base, mitre joints in the corners of the platform, and a beautiful combination of materials.

**SPECIFICATION**

Available in American black walnut, American white oak, or European Ash in a range of finishes, and a range of fabric and leather options. Legs in taupe or black anodised aluminium. Click on 'Materials' in the left hand menu for further information. Platform base is black stained MDF with holes for air circulation. Assembly: Bretton Bed

NOTE 1: The Bretton legs are made from gravity die-cast aluminium and contain small defects that are inherent to the artisanal manufacturing process. These tend to be imperceptible once installed, and do not affect the overall appearance of the product. NOTE 2:
