

**MATERIAL OPTIONS**

**358M DIFFERENT TRAINS CABINET**

Long planks of solid hardwood create a cabinet with an open form, while the sliding doors articulating the facade partially conceal the cabinet contents, engaging play between positive and negative space. Available in two widths and one, two or three tiers, various configurations are possible.

**SPECIFICATION**

Available in American black walnut, American white oak, or European Ash in a range of finishes. Sliding compact laminate doors articulate the facade. Matte black painted steel legs. Click on 'Materials' in the left hand menu for further information. PLEASE NOTE: the 120cm / 47 1/4" wide unit comes with three doors per shelf, consisting of one of each door size, placed along one side of the cabinet only. These doors can be easily removed and reattached on the other side of the cabinet and/or on any tier if preferred. Further sliding doors may be purchased separately. The doors are available in black or as a set of three shades of grey. They do not have an exact colour reference, however as a guideline, the closest RAL codes are: Black doors, RAL 9011;
